

Media on Ending Homelessness Event – 11/16/18

At our regional gathering on Friday, November 16, the Network released a [report on Homelessness in Western Massachusetts](#) : The Numbers, The Solutions, The Partnerships.

Over 150 leaders attended, including our incoming and current state legislators, where we shared concrete to-do actions on both a community and statewide level. To-do actions are outlined in the report and in more detail for legislators in our [Budget and Policy Recommendations](#).

We are so pleased that the public was able to “enter the room” though extensive and front page media coverage across each county, including:
