

Network's 2019-2020 Legislative Priorities

We are pleased to provide our Western MA legislators with our Legislative Priorities for this Legislative Session. Please click [here](#) to view.

The Network's list of 9 priorities is of course a fraction of the housing-related legislation that has been filed that would make a very substantial impact on preventing and reducing homelessness. We have consulted with our statewide partners, including [CHAPA](#), [Mass Coalition for the Homeless](#) and [Mass. Law Reform Institute](#), and support so many more of their priorities and are encouraging our legislators to consider supporting their more expansive agendas as well.

For now, however, the bills outlined [here](#) offer the Network's starting point for a legislative agenda that will create more permanent and stable housing for the people of Western Massachusetts and beyond.

The deadline for legislators to co-sponsor House bills is this Friday, Feb. 1 at 5 pm. Please contact your legislators (find contact info [here](#)), urging them to co-sponsor the bills outlined [here](#).

Thank you!
