

New Resource Directory for Hampshire/Franklin/Quabbin!

Community Action Pioneer Valley is pleased to announce:

[The Look4Help Public Resource Directory](#) has LAUNCHED!

We want you to check it out and help us spread the word about it!

Please go to www.look4help.org on your smart phone, tablet, or computer to check out this fabulous, free, easy-to-use source of information about MANY community resources in Franklin and Hampshire Counties, the North Quabbin Region, and surrounding areas. There's a quick keyword search option, as well as an easy guided search through 15 Popular Categories including: Food, Housing, Mental Health, Addiction and Recovery, Health Care, Disability Services, Money, Transportation, Clothing, Diapers, and Household Goods, Legal Help, Employment and Job Training, Family and Children, Seniors, Adult Education, State Agencies.

[Look4Help](#) is immensely useful for service providers and for everyone in our community. It includes options to translate the pages into Spanish or Russian, as well as an easy way to increase or decrease text size and a full suite of accessibility functions through the UserWay button.

And, once you've found information about one of the many

resources listed, you can easily share the information by printing it out, making a PDF, or sharing a link to the resource listing.

Another great feature of [Look4Help](#) is the “Add/Update Listing” tab at the top. We know that programs change, and that there are more programs and services out there that we’ve yet to include in [Look4Help](#). The Add/Update Listing tab makes it easy for you to send us information about updates and/or suggest additional programs to be listed in [Look4Help](#). We will be continuously updating [Look4Help](#).

Thanks for spreading the word about [Look4Help](#) and for all that you do!
