

Network Vision

The purpose of the Network:

- 1) To implement, through an open and inclusive process that values the diversity of our community, a regional system that strives to end family and individual homelessness through the provision of adequate housing and support services; through prevention, diversion and rapid rehousing strategies; and through stabilization of at-risk households.
- 2) To gain and maintain institutional, community and government support for systemic approaches that are evidence-based and directed toward reducing and ending homelessness.
- 3) To use data and performance measurement tools to evaluate and improve our regional responses to homelessness.
- 4) To seek out and be responsive to guidance from people who are at-risk of, are experiencing, or have experienced homelessness.
- 5) To mobilize new partners in our mission to end family and individual homelessness.

We welcome your feedback! Please contact [Pamela Schwartz](#), Director of Regional Coordination, with comments, questions, suggestions or updates.

The Network creates collaborative solutions to end homelessness through a housing first approach that prioritizes prevention, rapid re-housing and housing stabilization.
