- ▶ If you collect data in a comparable database, you will record your tallied count on a data collection form that will be provided prior to the count. You will submit your survey data by **Friday, January 29 at noon**.
- ▶ Springfield Only: If you do not participate in HMIS or have a comparable database, complete a brief, anonymous questionnaire for each adult on the night of January 27, 2016, and return all surveys to the Springfield Office of Housing by **Friday, January 29 at noon**.
